

"GOD'S INFINITE IMAGE WITHIN"

The Lord makes me a humble and meek heart
His Spirit takes heed of my soul
And leads me on the path towards righteousness
He gives me his life giving Bread each new day
The Bread of the new and Everlasting life
I freely take this Bread and eat of it
Confident and trusting in God with my whole being
Patiently, to the best of my ability, bearing
My sorrows and suffering
Waiting to share in the victory Jesus has won
Until that most glorious moment
When time becomes all eternity
I will, with God at my side
Surrender and empty myself of all
And not finding my own image
But the image of God within
